

SOFIA GRITTI

PRODUCT DESIGNER / UX DESIGNER

🏠 Malmö, Sweden [🌐 LinkedIn Profile](#) ✉ grittisofiaa@gmail.com 📁 [Portfolio](#)

PROFILE

Senior Product Designer with five years of experience leading UX for complex, workflow-heavy B2B products. Takes unclear product problems from research to shipped solutions, and built the design foundations teams rely on, including the company design system and design token architecture at 4C Strategies. Partners with product and engineering leadership, framing trade-offs, aligning stakeholders and making design decisions that hold up against technical and business constraints. Recognised with the company Tech Award (Q4 2025). Now looking to lead UX practice and raise design maturity across teams.

WORK EXPERIENCE

Product Designer / UX Designer

4C Strategies, Malmö | 2023 - Present

- Led the creation of the company design system and design tokens, from strategy to adoption, establishing guidelines that improved consistency and collaboration between design and development.
- Owned end-to-end UX for complex product workflows, partnering with product managers and engineers to shape priorities and product direction.
- Drove user research end to end; planned and ran interviews, usability tests, user forums and on-site visits, turning findings into clear insights that informed product priorities.
- Facilitated trade-off decisions across technical constraints, delivery complexity and cross-product impact, aligning stakeholders on sustainable solutions.

UX Designer / Web Designer

SwedenFoodTech, Stockholm | 2022 - 2023

Designed and maintained web experiences including layout, navigation and interaction patterns; iterated on live pages based on user feedback and evolving content needs.

Product Designer / UX Designer

BBS s.r.l., Paderno Franciacorta (Italy) | 2021 - 2022

Delivered UX for public sector clients from research to prototype, running interviews, wireframing, prototyping and usability testing to create accessible interfaces.
